Projects

Book Archive | *GitHub:* <https://github.com/satele99/library> | *Live:*

<https://react-expense-app23.netlify.app/>

December 2022

- **A Full-Stack Application that utilizes HTML, CSS, Vanilla Javascript, and minimal bootstrap for the frontend. While using Node.js, Express.js, Sequelize(ORM) , and PostgreSQL for the backend API.** This app allows you to create an account and archive the various books, movies, and music you either have enjoyed or plan on enjoying in the future! Once your items are archived you have the option to toggle whether or not you watched/listened. As well as, delete items from your archive.

Budget App | *GitHub:* <https://github.com/satele99/react-expense-app> | *Live:*

<https://react-expense-app23.netlify.app/>

February 2023

- **An expense tracking app using React.js, minimal React-Bootstrap for styling, Redux for state management, and Node.js/Express.js for the API. All connected to a PostgreSQL Database.** Visit the site and create an account, set your desired maximum budget, and add your day to day expenses. All expenses can be categorized according to you! Feel free to delete expenses that are no longer existent as well.

Tic-Tac-Toe | *GitHub:* <https://github.com/satele99/tic-tac-toe-project> | *Live:*

<https://satele99.github.io/tic-tac-toe-project/>

December 2022

- **A complete game of Tic-Tac-Toe made with only HTML, CSS, and Vanilla Javascript.** Play against the computer, in as many rounds as you want. Clear the board in the midst of a round if needed, or reset the game by restarting the score from 0.

Experience

The ZenBody Spa | *Content Design Manager* **November 2021 - June 2023**

- Create and maintain social media accounts and content for small-business, in order to garner and retain clientele. Utilized knowledge in UX design as well as minimal HTML, CSS and Javascript for status website updates. Maintain communication with clients to manage schedules and appointment times.

Catering Captain | *Event Services/Customer Relations Manager* **November 2018 - October 2020**

- Experienced catering manager with a strong background in team management and daily operations. Proficient in planning/coordinating large scale events, with a keen-eye for detail and a focus for delivering exceptional quality for clients. Excelled in fostering strong communication amongst staff, delegating tasks, and mentoring teams of employees to ensure a high-level of productivity. Fulfilled this role at three catering companies; WolfGang Puck, Restaurant Associates, and Bon Appetit.

Allied Universal | *Security Specialist* **January 2022 - Present**

- Demonstrated core skills such as attention to detail, problem solving, risk management, and clear communication. Also exemplified knowledge of security and privacy protocols for both physical sites and the hardware/software at site locations.

Education

Digital Crafts | *Software Engineering Bootcamp* | *Remote* **October 2022 - May 2023**

26-week bootcamp that covers the technical skills needed to fulfill roles as a Full-Stack software engineer. The course goes in depth with market-relevant skills such as **HTML, CSS, Javascript. React.js, Node.js, Express.js, and PostgreSQL**. Some additional technical skills covered were **Socket.io, Sequelize, Bootstrap, Redux, Agile, Git, CLI, AWS, and Multer**.
